ROI™: Improving Employee Performance within Any Organization

For the first time in its 25-year history, University of Phoenix is bringing its interactive learning structure to corporations in the form of training and development. ROI – Rapid Organizational Impact™ – is a dynamic training product designed to help businesses improve employee performance. To learn about ROI for your organization, call 480-557-2268.

Specialized Certificates are a Good Fit for the Time-Strapped Professional

In addition to offering quality degree programs, University of Phoenix offers valuable certificates in Human Resource Management, Project Management, Financial Planning and more. Certificates enable students to continue their education and enhance their skill set without committing to a two- or three-year degree program.

Brand New! Introducing the Nursing/Health Care Education certificate program! This program is designed for educators in the health care field, who need to develop instructional curriculum in this rapidly changing environment. Students learn about educational trends and issues impacting the educator role, examine strategies to design curriculum, and explore how nursing professionals learn best.

SEMINARS • OFFSITE MEETINGS • TRAINING

your complete
Room Rental
source

For your convenience, each of our seven Phoenix area locations is easily accessible from a major freeway and close to business centers, hotels and communities. Parking is complimentary.

Location, Location, Location.

At University of Phoenix, we know this mantra applies as much to room renters as it does to home buyers. Phoenix area businesses both large and small rent our modern classrooms for their seminars, training sessions, and meetings. Because our classes are offered in the evenings, at hours convenient to working adults, our spotless classrooms are available to rent between 8:30 a.m. and 9:30 p.m.

University of Phoenix has seven campuses throughout the Valley, each located a short distance from a major freeway. A standard classroom accommodates 27 people and is equipped with wireless Internet access, white boards, projectors, and other gear commonly needed for presentations. We also have expandable classroom spaces built to hold up to 100 people. Some facilities offer on-site eateries and lounge areas. See the features listed at each location for details.
